## **Covid-19 Policy**

We have put in a full set of stringent measures in place to ensure that we are as Covid-19 secure as possible and have been constantly adapting our control measures as we go along since reopening last July.

Being predominately an outdoor activity centre, we are at a distinct advantage compared to many other facilities so far as potential exposure is concerned. If you needed to discuss any concerns, please contact a member of the management team and we can discuss your booking. We have a full set of risk assessments in place, if these are required, please ask and we will provide them.

## **First Aid Policy**

### OUR COMMITMENT

First Aid Policy: John Nike Leisuresport Swadlincote operates to Health and Safety Executive 'First Aid at Work' guidelines.

These guidelines are available from your local Health & Safety Executive. They can also be found on the H.S.E. website at:

<http://www.hse.gov.uk/simple-health-safety/firstaid/index.htm>

A Qualified first aider is always on-site at the Centre during operational hours.

This is usually the Duty Manager. However, there is often more than one first aider available on-site during operation hours.

In the event that you require first aid, immediately contact Reception. The Duty Manager will be alerted immediately and respond as a matter of priority.

We provide first aid facilities in accordance with the Health & Safety guidelines.

First aid stocks and facilities are checked on a weekly basis.

We will report all accidents in accordance with the H.S.E. guidelines.

All RIDDOR reports are forwarded to Central H.S.E Office and The Nike Group Head Office.

## YOUR COMMITMENT

We insist that Teachers and Leaders of groups:

- Declare any special needs and/or health problems of any members of the group to the Duty Manager.
- Identify themselves to the Reception staff and Instructor as appropriate upon arrival at the Centre.
- Remain on site and are easily available at all times whilst the students undergo instruction or make use of slope and facilities.
- Carry a list of emergency contact numbers for all members of their group.

If you require further information or wish to discuss your needs further, please contact us on 01283 890089

## STANDARD OPERATING PROCEDURES & RISK ASSESSMENTS

### STANDARD OPERATING PROCEDURES

Due to the diverse range of activities, there are numerous Standard Operating procedures. All staff are trained, assessed and reviewed on a regular basis.

The standard Operating Procedures are comprehensive and held on-site and available for your perusal at all times.

All John Nike Leisuresport Ltd Instructors attend training on a regular basis and are re-accredited on a yearly basis.

### RISK ASSESSMENTS

Due to the diverse range of activities, there are numerous risk assessments in place rather than one generic assessment.

The Risk Assessment file is therefore physically too large and detailed to post to all prospective customers however, The Risk Assessment file is available for public perusal. Please ask the Duty Manager if you wish to examine the file.

These risk assessments are reviewed on a regular basis by the Centre Manager and overseen by the Group Operations Director for the Nike Group, Mr. Daniel Lawrence

## LICENCES

There are no licences that are applicable to the dry ski slope operation.

However, our Centres do receive periodical visits from the Health and Safety executive and we utilise independent inspectors to check major plant throughout the year.

John Nike Leisuresport Ltd is the largest dry-slope operator in the UK and the market leader with regard to Health and Safety.
